Career Objective

Backend-focused Computer Science undergraduate with hands-on experience building **RESTful APIs using Spring Boot**, implementing layered architecture, and working with databases. Strong foundation in **DSA, OOPS, and SQL**, with a focus on developing scalable and maintainable backend systems.

Education

B.E – Computer Science and Engineering 2023–2027
Panimalar Engineering College CGPA: 8.6

HSC (12th) 2023
Sri Ramakrishna Matric Higher Secondary School 90.83%

SSLC (10th) 2021
Sri Ramakrishna Matric Higher Secondary School

Technical Skills

Backend: Spring Boot, REST APIs
Languages: Java, Dart
Database: MySQL, SQL
Frontend: HTML, CSS, Flutter (Basics)
Tools: Postman, Git
Core Concepts: DSA, OOPS, DBMS, MVC Architecture, REST API Design & Validation

Internship Experience

Full Stack Developer Intern – Beau Roi Technologies 1 Month

- Developed backend features using **Java and MVC architecture** for real-world applications
- Designed and tested **RESTful APIs**, improving application functionality and reliability
- Managed **SQL database operations** including data retrieval and updates
- Collaborated with team members to understand **scalable backend design practices**

Projects

Tiny Link – URL Shortener
Java, Spring Boot, REST APIs, MySQL

- Developed a **URL shortening service using Spring Boot and REST APIs**
- Implemented **4-layer architecture (Controller, Service, Repository, Entity)**
- Applied **input validation and global exception handling** for robust API responses
- Optimized database queries for efficient redirection and lookup performance

QARO Mobile Application
Flutter, Dart, Java Backend

- Built core application features and integrated **backend APIs with frontend UI**
- Improved performance through efficient **data handling and API communication**
- Collaborated with team members to enhance **user experience and responsiveness**

Problem Solving

- Actively solving DSA problems on LeetCode
- Strong in arrays, hashing, and problem-solving patterns

Additional Information

Certification:

Programming in Java – NPTEL (2024)

Soft Skills:

Problem Solving - Team Collaboration - Fast Learner - Adaptability
