Career Objective

Computer Science undergraduate with internship experience in Full Stack Development and Machine Learning. Hands-on experience building MVC-based Java applications, working with databases, and applying modern development practices. Strong foundation in OOPS, SQL, and ML workflows, with proven ability to collaborate, document solutions, and adapt quickly to real-world software development environments.

Education

Bachelor of Engineering – Computer Science and Engineering Expected 2027
Panimalar Engineering College
CGPA: 8.6

HSC – 2023
Sri Ramakrishna Matric Higher Secondary School
Score: 90.83%

SSLC – 2021
Sri Ramakrishna Matric Higher Secondary School

Technical Skills

Languages: Java, Dart
Frameworks & Architecture: Java MVC, Thymeleaf, MVC Pattern
Web Technologies: HTML, CSS
Databases: SQL, MySQL
Tools: Postman, API Testing
Concepts: OOPS, Machine Learning Fundamentals

Internship Experience

Software Development Intern (Java & Machine Learning) Jun 2025 – Aug 2025

- Developed and enhanced Java MVC-based applications following industry best practices.
- Worked with machine learning fundamentals, datasets, and analytical workflows.
- Collaborated with senior developers to understand scalable software design and real-world development processes.
- Prepared technical documentation, reports, and presentations for project deliverables.

Projects

Tiny Link – URL Generator
Java, MVC Architecture, HTML, CSS, MySQL

- Built a scalable URL shortening application with efficient database-backed redirection.
- Implemented clean request handling and validation for maintainable backend logic.

QARO Mobile Application
Flutter, Dart, Java, Machine Learning Concepts

- Developed and optimized core mobile application features.
- Coordinated with UI and backend teams to improve performance and user experience.

Certifications

- Programming in Java – NPTEL (2024)
- Oracle Cloud Infrastructure (2024)
- IT and AWS Cloud (2025)
- Introduction to Machine Learning (2025)

Interpersonal Skills

Team Collaboration, Problem Solving, Fast Learner, Goal-Oriented, Adaptability
